

TELECOMMUNICATION DEPARTMENT

Report On“Exhibit Talent- Hands on Experience on Circuit Designing” conducted by Dept. Club “inTELEgenze”

MVJ College of Engineering, Department of Telecommunication Engineering had organized “Hands on Experience on Circuit Designing” event for all the students on 17th Aug, 2016 from 1.30 pm to 4.00pm at TE dept. The event aims to encourage students to take the interest in designing the circuit and to experience challenges in practical hardware designs and measurements.

Team size – Maximum 2 students

Round 1

- In the first round the participants should answer 15 questions.
- Time limit – 15 minutes.
- Comprehensive and objective type question related to analog and digital electronics to be answered carrying 1 mark each.

Round 2

- In the second round the shortlisted participants should design the circuit.
- Time limit – 60 minutes.
- Each team should design the circuit with the given components
- The best possible circuit with given set of components has to be rigged up.

The Judges for this event was Mrs. Ishitha Aggarwal

Winners:

1st prize: Saniya (TE 7th Sem) and Tanuja R (TE 3rd Sem)

2nd prize: Varsha (TE 7th Sem) and Harish (CS 3rd Sem)

It was a good opportunity for the students to compete and actively participate in the Department Club Activity.
