

## MVJCE-A PLACE TO BECOME AN ENGINEER RATHER GRADUATE

Institutions inculcate interest among students to become Engineers rather graduates, make strides in the nation. MVJCE works on the students' skill focusing on practical exposure to them through programmes such as Industry Academia Conclave, Foundation Skills for Integrated Product Development Programme and Quality Circles for bridging employability gap.

Mr.Wassem, Emertxe; Mr. Ravindradas, TESCO; Mr.Jayakumar, Emertxe; Mr.Santhosh Kumar, Alten Calsoft Labs, and Mrs.Ranju Gupta, SAP Labs (Members from Left to Right)

IIPC of MVJCE organized an event "Industry-Academia Conclave" on 21.02.2017 to bridge the gap between industry and institute and to foster the

Mrs.Shraddha Pingale, E-Construct; Mr. Sandeep Pingale, E-Construct; Mr.C.N. Anilkumar, Schneider Electric; Mr.Mukesh Kumar, NTT Data; Mr.Prasannakumar Shankar, Xemplify Technology Labs; and Mr.Beeresh, Cooltech; (Members from Left to Right)

relationship. Experts from different industries enlighten the students on the expectations of industries and shared their experiences. Members of Quality Circles of classes interacted with them on building their skills and honing their career choices.

Speakers have made the participants to realize the gaps and made the students that how will they be able to incubate skills and career in the institution itself. Mini-projects and Major projects help the students internalize the skills with appropriate simulations along with real time exposure wherever possible. IIPC-

A Team of Students who receive a prize for their Product Development from Mr.Vasantha Kumar Narayan

MVJCE provided the platform for the students and they were hand-held towards reinforcing the foundation skills.

Mr.Vasanthakumar Narayanan of Robert Bosch conducted a workshop on the Foundation Skills for Integrated Product

Development Programme to a group of faculty members and subsequently students are trained on product development. Highlight of the programme is that the students from different disciplines formed a team and took a product development to meet the market. The products developed are Parking LOT, 24x7 Urban Solutions, E-Blind, E-Strip, Drunk and Drive Alert

Smart Kitchen –Product Developed by Students

Systems, Smart Kitchen and MVJCE Instant Update Screen(Event Management).

MVCJE celebrates Womens’ day every year. Women Empowerment Cell celebrated Womens’ Day in the campus on 08.03.2017. Students and faculty members have shared their views on building new India through empowerment

of Women.
