

## Guest Lecture

---

Date of the event	20-3-2018
Title of the Event	Innovations, Patents And Products
Organized by (Dept Name)	Chemistry Department
Name of department event coordinators	Dr. Ramachandran. A, Prof., Dept of Chemistry & Ms. Manjula.M, AP, HOD ,Dept of Chemistry

Department of Chemistry MVJCE organized a Guest lecture on 20.03.2018 for 2<sup>nd</sup> Semester students of Chemistry cycle at Rajalakshmi Seminar hall at 10.45 Am.

Dr. K. Natarajan, a distinguished Polymer Scientist, National Awardee and CEO of Vijayalakshmi Polymer International presented his lecture on “**Innovations, Patents and Products**”. He emphasized the meaning of Innovation and its importance. He stressed on the basic characteristics of innovative products which includes updated technology, patentable.

Further he also explained Innovations in polymers, inter-penetrated polymer network systems for polymer concrete applications and innovation of cable seal product to telecom Sector.

### Outcome of the event:

The students at the end of the session understood the concept of innovation on polymer products and filing patents based on inventions.

Department of Chemistry organized a guest lecture on "Innovations, Patents and Products", on 20.03.2018 at Smt Rajalakshmi Jayaraman Seminar hall. Mrs Manjula.M HOD Dept. of Chemistry introducing speaker Dr.K.Natarajan, National Awardee and CEO of Vijayalakshmi Polymer International. Dignitaries on the dias from (R to L) Dr.A.Pasupathy Dean MVJCE, Dr.K.Natarajan speaker, Dr.A.Ramachandran Prof. Dept of Chemistry

Department of Chemistry organised a guest lecture on, "Innovations, Patents And Products", on 20.03.2018 at Smt.Rajalakshmi Jayaraman Seminar hall.Lecture being delivered by Dr. Natarajan National Awardee and CEO of Vijayalakshmi Polymer International.
