

Industrial Visit to BSNL, Jayanagar, Bangalore

An industrial visit to DDTC, BSNL was scheduled for 4th sem students of Electronics and Communication Department on 05/04/18 and 06/04/18.

Total of 56 students attended the visit .They were divided into two batches of 35 and 31 students. On first day and second day, 35 students and 31 students visited the facility respectively along with two faculty members .

The students and faculty members were received by the Training Principal, DTTC, BSNL, Jayanagar, Bangalore. Sub divisional engineer Mr. Vinod divided the students into three groups and each group were thought about different modules namely switching, transmission and MDF (Main distribution function).

In switching module, students learnt on practical aspects of call making and receiving. They were thought on how to create the calling number and how to check the dial tone.

In transmission module, students were briefed about OFC communication and its uses, advantages, applications. The students were shown the real cables and its working procedure.

In the MDF module, students learnt about the requirement of main distribution function. They were briefed about line side and exchange side of MDF. The students were shown the functioning parts of distribution unit.

The industrial visit ended by 1:30 PM.
