

## *Hands on Training*

---

### **Elixir Programming Language**

The Department of Computer Science Engineering - MVJ College of Engineering organized the **Hands on Training on Elixir Programming** event on 5<sup>th</sup> of May 2018. This event aimed at encouraging the open source software development amongst the students and providing them with the required training platform. The event took place at CSE Lab in the presence of Mrs. Prameela Devi N (Head of Department, in-charge), Mr. Karthick Myilvahanan (Event Coordinator).

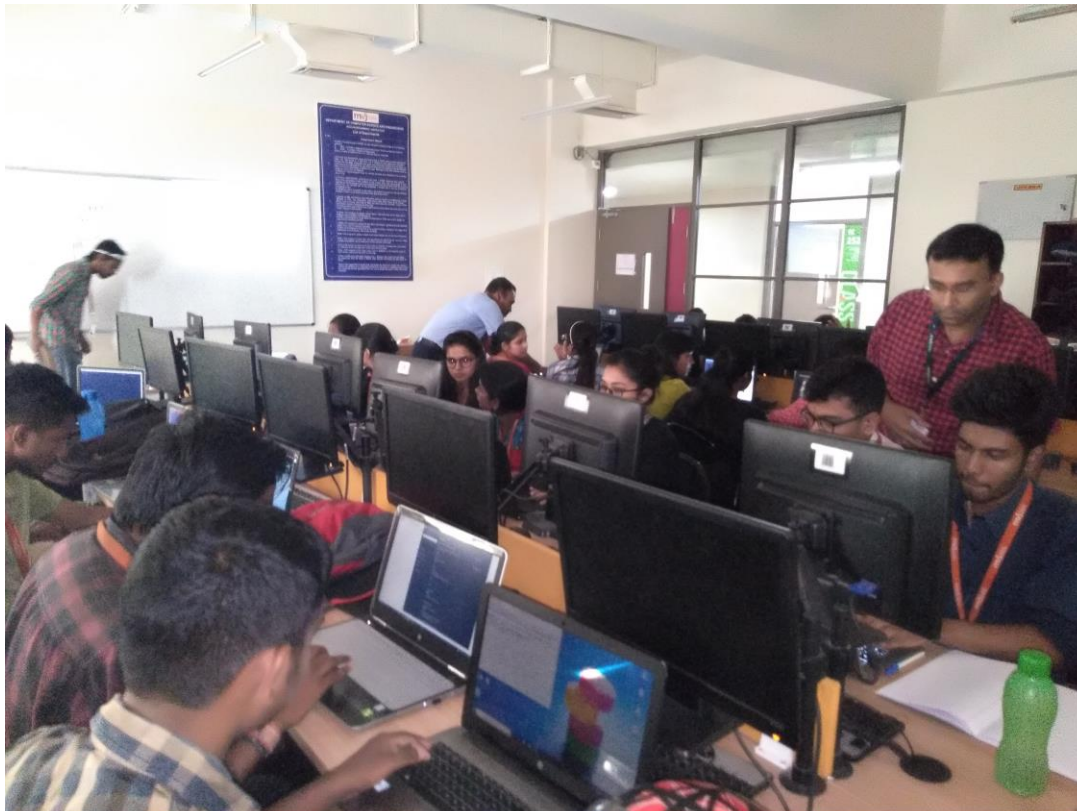

The event commenced at 10:00 a.m. A total of 40 students took part in the event. The session was handled by Mr. Shakthi Kannan- DevOps Engineer, Aerospike Inc. He gave hands on training on how to code Elixir Program, which is one of the prominent shell programmings used for system scripts and system administration. He started the session with an introduction about the elixir programming language and then proceeded with coding. It was a live coding session where students started coding alongside Mr Shakthi Kannan. The event ended by 1.00 pm with a small felicitation.

Trainer handling the session during the hands on training on elixir programming held on 5th may 2018 at CGV lab in CSE Department.
