

IQAC initiatives (2012-2013)

SWAYAM

SWAYAM is the annual intercollegiate festival hosted by MVJ College of Engineering. The cultural festival attracts over 50 colleges from around the state, to compete, display and prove their excellence in extracurricular activities. It was the enthusiasm of the students that led to the birth of this cultural fest, and it only became better and bigger, year after year.

The events at Swayam include Indian Light Music, Indian Vocals Solo, Group Dance, Solo Dance, Around The Campus, FILM IT, Amazing Race, Debate, Water Football, Tug Of War, My Big Foot, Man Vs Food, Counter Strike, FIFA11, Battle Of The Bands, Face Painting, Rangoli, Mock Rock, MIME and Lagori.

Department Clubs

With an aim to create technical awareness among engineering students, the department clubs were formed. The clubs are driven by faculty coordinators and student coordinators who plan and conduct different types of intra-department and inter-department innovative events. The students of various engineering disciplines participate enthusiastically in the events, which focus on developing the technical, conceptual and ethical skills of the students.

The department club events enhance the confidence levels of the students, and groom them to know and involve themselves in ethical prospects. It binds the minds of interdisciplinary engineering branches, to steer changes in technological advancements.

The following department clubs have been formed:

AEROMODELLING club in Aeronautical Engineering department

TECH-SAS club in Chemical Engineering department

SRISHTI club in Civil Engineering Department

NIC club in Computer Science and Engineering department

E-FORZA club in Electronics and Communication Engineering department

SPARKEEE club in Electrical and Electronics Department

EIKON club in Information Science and Engineering department

AGNIUDAYA club in Master of Business Administration department

MITA club in Master of Computer Applications department

DYNAMECH Club in Mechanical Engineering department

MEDLAUNCHERS club in Medical Electronics department

In TELEgenze club in Telecommunication Engineering department

VerTechX

VerTechX is an annual national-level technical extravaganza organized by MVJCE. It encourages student creativity and innovation. As the tagline says, 'Summit of Innovation and Technology', it is a technical fest with a difference. It provides a platform for students to come and explore the realms of science and technology. It brings to students, competitions that test their skills, lectures by eminent personalities, workshops to hone their talents, exhibitions to observe the latest developments, and last but not the least, the fun and festive spirit of a college festival! The events conducted are Glidowarz, Robowars, Roborace, Deckster, VerTechX Race, Cadventure, Crazy Computing, CHEMBION 'The TECH FIESTA', and Paper Presentations.

The festival also acts as a gateway for students to win internships with reputed companies.
