

## **Guest Lecture on ‘Recent Trends in Information Technology’, on 16<sup>th</sup> November, 2019**

---

The Department of CSE, MVJ College of Engineering, organized a Guest Lecture on ‘Recent Trends in Information Technology’, on 16<sup>th</sup> November 2019. The Lecture was delivered by Mr. Raj Champaneriya, Senior Software Consultant, Neudesic, Bangalore. The purpose of this Lecture was to expose the students to the trending technologies that are being used in industries today.

### **Session 1:**

The event began at 9.00 am at the Auditorium. Around 300 students from the First semester attended this Lecture. The entire session was conducted by Mr. Raj Champaneriya, who had put together animated PPTs and videos for his lecture. Mrs. Bhagyalaxmi S Kullolli (AP/CSE) welcomed the Resource Person and introduced him to the faculty members and students, giving a brief account of his profile. The session was then taken over by Mr. Raj Champaneriya.

Mrs. Bhagyalaxmi S Kullolli (AP/CSE) introducing the Resource Person who delivered a Lecture on 'Recent Trends in Information Technology' on 16<sup>th</sup> November 2019.

**Session 2:**

This session was also delivered by Mr. Raj Champaneriya. He started with a PowerPoint presentation. He explained, in brief, about how various technologies are defined, designed, tested, and finally implemented for their smooth functioning. He also highlighted the failures and recovery methods related to these technologies. He showed many case studies that are being done on these.

### **Session 3:**

The Vote of thanks was presented by Dr. Arvind (AP/CSE).

### **Outcome of the Guest Lecture**

The areas that were covered were IoT, Big Data, Cloud Computing, Wireless Sensor Networks, Data Science, Artificial Intelligence and Android Applications. The students gained insight into trending technologies, along with the specific knowledge about:

1. Definition
2. Framework/ Working
3. Applications
4. Examples

To conclude, it was a very informative session.
