

## MODEL MAKING COMPETITION

### Model Making Competition

---

The Department of Physics, MVJCE, organized a Model Making exhibition-cum-competition for Physics cycle students, in the Department premises, on 16<sup>th</sup> November 2019. 90 students constituting 14 teams from all the sections, participated in the event. The students were judged by Mrs. Manjula M and Ms. Shraboni Ghosh of the Chemistry Department, on the basis of their PowerPoint presentation, and the working of their models.

**Students giving PowerPoint presentation about their models.**

**Students demonstrating their Models to the Judges**

In the valedictory program held on Monday (18/11/2019), Prof. Uma Praveen, HOD / Physics, gave away the prizes to the winners of the Physics Model Making competition, held as part of the academic calendar event 2019. Certificates were also given to the best 5 models.

**HOD, Physics giving away the prizes to the winning team.**

**HOD, Physics awarding the cash prize to the runners-up.**

In the Model Making category, Nikhil Gupta, Aditya Shreejith, Kritish Sharma, Md. Mushin and Manoj Kumar bagged the First prize and the cash award (Rs. 1000/-), for their Model on *Aurodilo Robo Car*. Ajay, Maaz, and Md Afnaan were awarded the Second prize and cash award (Rs. 500/-) for the model *Piezo powered Bluetooth controller Car*.

**Outcome of the event:**

Participating students imbibed a questioning spirit and received research orientation. Such events increase social awareness among Engineering students as they are gearing up towards professional life. They teach them how they can solve their daily problems with the help of innovative ideas of Physics. Cross pollination of information, knowledge and experience between students and faculty was established.
